HUNT'S FLORISTS' FLOWER SEED LIST.

IN no branch of the Florists' Supply Trade is greater care so essential to success than in the department of **FLOWER SEEDS FOR FLORISTS.**

We have ever been on the watch for the newest and best strains of all that properly come under this head, and that our labors are meeting with success, as evidenced by numerous unsolicited testimonials and continued patronage, we feel confident. The old saying, "Be sure, you're right, then go ahead," will apply to every Florist when making up his seed order. **Trade Packets** contain four to six times more seed than ordinary packages. Florist customers who do not state in their orders whether **Trade** or **Retail** packets are desired, will invariably receive **Trade Packets.**

"**Vernon.**" This new flowering Begonia is a decided acquisition. It comes absolutely true from seed, and will stand the hot summer sun. Sown in February, it will begin to flower in June, and continue through the entire summer. The flowers are of a brilliant deep red color and are borne in immense quantities. The foliage is first green, but when the plant is about two months old the leaves begin to turn red on the margins, and gradually the whole leaf and stem are suffused. It thrives everywhere, and is so easily raised from seed, being equally valuable for growing in pots for winter blooming, that it is bound to give satisfaction. Pkt., 10c.

SATIN RIBBONS FOR FLORISTS.

KNOWING the demand for this article is increasing rapidly every year, we have put in a complete stock of the finest grade of **Faille Satin Edge**, the best brand for florists' purposes. We offer these ribbons at a price far below what florists usually pay for a poorer quality of ribbon. We can supply any width or color wanted.

We handle two grades because at times a cheaper grade will answer for some florists' work, but we advise our customers to buy the **Santa Maria** brand, as there is no ribbon that will give more satisfaction, and it costs but a trifle more money. In ordering give us **No. of Ribbon, Color and brand** wanted. Viz.: 1 bolt, No. 7, lavender, Santa Maria.

These Ribbons come 10 yards to the bolt, nothing less than 10 yards sold of any one color as we cannot break bolts. Order by number.
